

ZaneNet | *reinvent yourself*

A leader in providing innovative IT solutions to improve health outcomes and service delivery.

CAPABILITY STATEMENT

WHO WE ARE

Zane Networks, LLC (ZaneNet) is certified as an 8(a) Company and Small Disadvantaged Business (SDB) by the U.S. Small Business Administration and is a Maryland MBE Certified woman-owned small business. Our purpose is to diligently assist government agencies, medical and educational institutions, companies and non-profit organizations to improve their delivery of services through the better use of emerging technology tools.

Since 2000, ZaneNet has produced tailored solutions to our clients' IT, health information technology, print and online communications, and videoconferencing needs. Our services include HIT application development and consultation; videoconference staffing, installation and integration; web development and design; writing, editing and layout services for print and online publications; multimedia production; project management; graphic design; technology consulting; and technology training.

WHAT WE DO

ZaneNet is committed to persistence, teamwork and high-quality service. Our dynamic team includes physicians, engineers, technicians, writers, editors, graphic designers, web designers and other experts in IT and e-health. We meet the needs of our clients using our combined business, technical, writing, editing and management skills.

Since our inception, ZaneNet has created strong, ongoing professional relationships while developing award-winning websites, designing publications, customizing chronic disease management portals and providing other wide-ranging services to national and international institutions, associations, businesses and individuals.

A Member of the Healthcare Management and Technology Consortium
